Dear Sir

On the 14th of last december we ordered from you \$200.⁰⁰ in Nicks, which we received on Jan 7th ulto. We found the two chipped pieces enclosed herein, in the remittance above mentioned, but owing to the small amt involved, we didn't think it necessary to advise you, but upon reflection think you should know it, as tis very evident to us, that if the nickel will not stand transportation from the Mint to this City, it will certainly not be equal to the rough usage it will receive from the general public

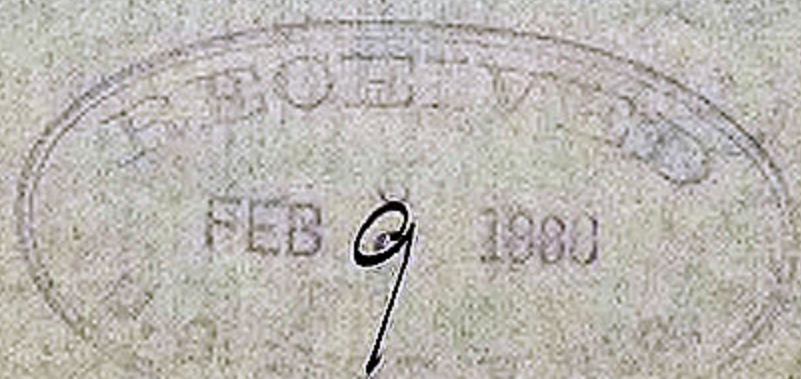

Yours Respectfully
